	German Tank and Self Propelled Gun Crews	
	German Tank crew had a special Black uniform. The cut of which stayed the same during WW2, the crews of Tank destroyers and self propelled guns were issued with a field grey version. During the later half of the war camouflaged versions were also worn.	
	Our figures are in the basic uniform with the various types of headdress worn with it. Panzer Beret (1939), M1943 cap and M1938 side cap.
